

Hello 😊 we're Liz and John Corfield and we live on the estate. Not long after we moved in, Liz decided she would produce a Newsletter to share things about Frome and I added news about the site as it developed. In March 2019 we posted a flyer into each occupied property on the estate and thereafter the Site Sales Office staff helped enormously by passing a copy to new homeowners. We make contact with about one third of the residents so we reckon we are doing something of value.

However, having issued the Newsletter for 29 months, Liz reckoned the majority of residents had become familiar enough with Frome, its Facebook pages and local newspapers such that the Newsletter had become fairly redundant. I decided to continue with 'Site News' as the estate is still under the ownership of Persimmon so we're still waiting for it to be handed over to us residents.

Please do feel free to make contact – you can reach us by emailing to
